Pastor's Message

FEASIBILITY STUDY FOR THE CHURCH ON THE HILL APPROVED BY THE BISHOP

I'm very pleased to announce that water and sanitary services feasibility study for the new church has been approved by Bishop Crosby. He has determined that the estimated cost of these services is not prohibitive. Moreover, he has given us the go ahead to move forward to the next stage of building a new church, which is the site concept plan. This next step involves recommending to the Bishop our preferred architect. I have invited an architect to work with me and the New Build Committee to produce an architectural story board depicting the new church on the hill at the entrance to Camp Brebeuf. Depending on the results, we may decide to consult another architect. Once our choice of an architect has been presented to the Diocesan Building Committee and approved by the Bishop, we can proceed with the site concept plan, which includes considering the parking requirements, site plan agreements, easements, right of way, storm water management, grading, landscaping and other planning constraints. Once the site concept plan has been approved, preliminary drawings can be prepared that depict the building configuration and related construction proposals, interior floor plan layout, intended uses, occupant loads, relationships to other plan components, preliminary dimensions/areas, and preliminary elevations. We aren't there yet. But we are closer than we ever have been. This is a very exciting moment in the history of our parish. At this time I would like to thank Maria Grech and the New Build Committee for bringing us this far. As we proceed from this milestone to the next stage, there are two priorities for the parish that I would like to identify:

1) The first priority is that we embark upon building a new church in Rockwood, not for our own glory, but for the glory of God. Specifically, we must prayerfully call upon the Sacred Heart of Jesus to support this project. To this end, starting Tuesday, August 29th I will be adding the Litany of the Sacred Heart of Jesus to the prayers that begin Adoration after Mass. This will enable us, week after week, to make a conscious effort to ask Jesus to support this project for his greater Glory. When I meet with the Pastoral Council this September or October, I will ask them to consider ways we can foster our personal devotion to the Sacred Heart, the namesake and patron of our parish.

2) The second priority is that we increase our weekly offerings, both by being more generous and by inviting non-practicing Catholics to join our faith community, as well as engaging in evangelization that will bring adults to seek baptism. At the moment, I have one candidate for the Rite of Christian Initiation of Adults (RCIA). It would be wonderful if you could invite more to join us. They only have to be interested in becoming a Catholic. They can decide whether they want to be baptized as we approach the Easter Vigil. At any rate, the reason we need to increase our weekly offerings is that the new church will be more costly to operate, for example, increased heating bills, and not to mention paying down the loan that we will require from the Diocese. Before the Bishop gives final approval to this project, he would like to see the annual total revenue from our weekly offerings increase substantially. There are many things we can do that will help. For example, when you aren't able to attend Mass in Rockwood on any given weekend, please bring two offering envelopes with you the next weekend. Or, which amounts to the same thing, double the amount of your offering the next week in lieu of your missed week. These offerings represent your commitment to our faith community. They are not simply a "service" fee. Our operating expenses remain the same whether you are able to attend any one Sunday or not. One guideline is to give the wage you receive for your first hour of work each week to the church. Thank you for your generosity, and please consider being more generous, if you are able. Moving forward, we need to demonstrate to the Bishop that, despite the increased expenses we will face when we occupy a new church, we are already a financially viable faith community. When I meet with the Finance Council this September, I will ask them about what we can do to address this concern of the Bishop.
